ROUTE/PROGRAM

Project ID Number

**Delaware River Heritage Trail,
Burlington/Mercer**

02390

The purpose of this project is to construct the New Jersey portion of "The Delaware River Heritage Trail." This trail has been envisioned as a bi-state, multi-use, non-motorized recreational route along both sides of the Delaware River. The New Jersey portion of this trail extends from Trenton to Palmyra with both on and off-road sections envisioned. The trail will provide a link to many neighborhoods, parks, and trails in the region.

Project ID Number

Duck Island Remediation

99334

Site remediation for Duck Island Landfill

In January 1987, NJDEP issued to the Department a Compliance Monitoring Directive to characterize and address contamination at the Duck Island landfill site. The Department's consultant completed a study and verified the presence of contamination and determined it is essentially confined to the limits of the landfill. This project will include construction of fence to restrict access to the landfill; conducting geotechnical study of the landfill to evaluate stability, slide slope, extent of cover; design a properly engineered cap to provide an impermeable cover; develop and implement a new groundwater monitoring program; install an engineered cap over the landfill with a uniform vegetative cover.

1 CR 571 Penns Neck Area EIS	031

Route 1 in the vicinity of Washington Road to Harrison Street, Environmental Impact Statement process for unspecified mobility enhancements

This project is an Environmental Impact Statement process to develop a solution or package of solutions to address recurring congestion in the Penns Neck area of Route 1 in the vicinity of Washington Road (County Route 571) and Harrison Street in West Windsor Township, Mercer County. The process is intended to gain community input on the nature of the problem to be addressed and the range of alternatives to be investigated, and will seek consensus on a final solution or package of solutions to be implemented. The process will provide a model for future EIS processes within the framework of Department's Context Sensitive Design initiative.

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
29 Baldpate Mountain	00362F

This project is located along Route 29, across from the former quarry access just north of Pleasant Valley Road. This project will promote and advance the use of an existing rail bridge for bicycle and pedestrian crossing of the Delaware and Raritan Canal. The intent of this effort is to open new access opportunities to the Delaware and Raritan Canal State Park, as well as to provide additional parking capacity. This initiative will help lay the groundwork to create safe, unimpeded access from nearby activities to amenities along the canal and the Delaware River waterfront.

29 Roadside Enhancements	00362B

The Scenic Byways Management Plan for Route 29 was completed in August 1997. Objectives of the scenic byways management plan are to coordinate and prioritize state agency initiatives to acquire easements, remove billboards, encourage bicycle use, and otherwise enhance the scenic qualities of Route 29 in a way that balances demands of traffic tourism and the development of the region. This work effort entails identifying small-scale maintenance items that can be fixed quickly and identifying other items that may need more study to repair. In addition, a sign inventory will be conducted to determine the ownership billboards and signs along the corridor and determine if any excessive signage exists and can be removed to further enhance the scenic byway corridor.
